Dear Glen,

Thank you for your kind gift of \$313.00.

Your generous support means you are helping to protect animals where cruelty and suffering is most severe, and bring about lasting change for animals in need.

Being side by side with animals means you are helping to:

- keep animals in the wild where they belong, stop them from being used in entertainment and give better lives to those that are rescued.
- protect animals in communities from unnecessary cruelty due to fear or lack of education.
- improve welfare standards for animals in farming
- and come to the aid of animals affected by natural disasters.

Together, we can move the world to protect animals.

We'll keep you up to date on the progress for animals you're helping to make possible in our supporter magazine, The Protector, and in emails from time to time.

When news breaks of animal suffering, we'll try our best to give you the opportunity to help.

In the meantime, if you have any questions or would like to update your details, please call us on 1300 139 772, email us at protect@worldanimalprotection.org.au or visit our website at www.worldanimalprotection.org.au.

Thank you for helping to move the world to protect animals.

Sincerely,

Simone Clarke
